Dear Martin

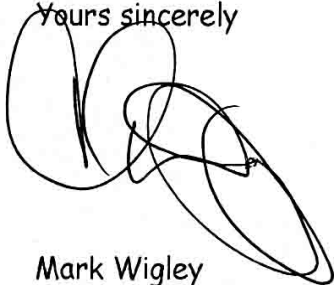

I would like to thank you for the time, effort and hard work you put into designing and administering the Digital Access Cross Connect System courses for WorldCom.

I have received excellent feedback from my colleagues who have attended this course. The content and format were to the highest of standards being both educational and enjoyable.

I have also been informed that you presented yourself professionally, with a positive attitude and manner. It was also stated that you are very knowledgeable of our industry and the different technologies we use.

It is a pleasure to work with you, and you can be assured that we shall be calling upon your services again when we require similar training in the future.

Yours sincerely

Mark Wigley  
Senior Technical Training Adviser
